

They Walked With God: Jacob - September 2022

Genesis Chapter 32 is a story of how God comes down and brings His grace into the lives of people who don't deserve it, don't seek it and continually resist it. It also communicates that many times we will fight God for a long time, and even after we begin to know Him, we still have to wrestle with Him.

Read Genesis 32:1-32, Hosea 12:3-5

1. Why is Jacob so afraid of his brother Esau?
2. One of Pastor Riddle's points is that we often learn the most from God when we are alone. Why?
3. The other sermon point is that God, like he did for Jacob, will show us parts of ourselves that we often do not want to see. Has this happened to you? How?

4. Hosea states the fact that Jacob was wrestling with God. Have you wrestled with God and how so?

5. God used pain to show Jacob what he could not see. Has this ever happened to you?
